

Item Preparation Checklist

Use this checklist to prepare items before bringing them to Musick Auction. Completing these steps helps avoid delays, relisting, or post-sale issues.

Clean and Clear

- Item is free of trash, debris, and personal belongings
- Vehicles, containers, and toolboxes are emptied
- Loose dirt, grease, and grime removed (basic cleaning only)

Basic Function Check

- Item powers on, starts, or moves under its own power (if applicable)
- Dead batteries replaced
- Loose or detached parts secured
- **No amateur repairs or cosmetic restoration performed**

Accessories and Completeness

- All cords, chargers, remotes, and accessories included
- Attachments, implements, or add-ons included
- Manuals, paperwork, and original packaging gathered (if available)
- Extra keys, fobs, or hardware included

Information and Disclosure

- Known issues or defects listed
- Cosmetic damage noted
- Functional problems disclosed
- Maintenance or service records provided (if available)
- Model and serial numbers shared (if known)

Final Review

- Item condition accurately reflects what buyers will receive
- All related items are present at intake
- Questions addressed with Musick team before drop-off
